The Homeowners Assistance Program (HAP) is authorized by law, and administered by the US Army Corps of Engineers (USACE) to assist eligible homeowners who face financial loss when selling their primary residence homes in areas where real estate values have declined because of a base closure or realignment announcement. This program also includes those members who have received a permanent reassignment to a new duty station or home port outside a 50-mile radius of the member's former duty station or home port. This program will benefit many potential customers moving in to our area! Make plans to attend and learn the details of working with those utilizing the HAP program. [Flyer](#)
